Three young men who had no particular destination attempted to turn a corner yesterday with a rapidly moving vehicle and were spilled out in the dust. They regained their feet as soon as possible and started after the horse, who was heading for Empire, a locality with which he seemed to be familiar. Their names could not be secured but from all accounts it appears that they belong to the same town as the horse.

THE DALTONS WIPED OUT

Pugilist Mitchell is in Jail for Assault.

A NEGRO RAPE FIEND FIEND LYNCHED BY A MOB.

Items of Interest from Various Parts of the Country.

Special to the APPEAL:

Saw Them First.

Coffeysville, Kan. Oct. 5.—The citizens received word today that the famous Dalton gang would appear in this city and make another raid. When they arrived the town was up in arms and a terrific fight ensued resulting in the death of the whole gang with the exception of one who escaped. Before the shooting began they succeeded in securing money from the First National Bank and the bank of C. N. Condon & Co.

Three citizens are killed and several are wounded. The money taken has all been recovered and returned to the banks. The town is wild with excitement and if the one who escaped is caught he will be lynched.

A Brutal Blow.

London, October 5.—Charlie Mitchell, the pugilist, was in Bow-street Police Court this morning to answer a charge of assault. At midnight he had a row with an old man named Salvage in a street off the Strand. Both men had been drinking. How the trouble started is not known, but after a few words Mitchell suddenly struck the old man a terrible blow on the ear. The blow laid open the old man's scalp and he fell stunned to the ground.

A crowd gathered shouting "Shame!" "Shame!" etc. A policeman arrested Mitchell and locked him up. Salvage's wound bled profusely. He lost about a pint of blood before he could be got to the hospital. It is feared that his skull is fractured. Mitchell was remanded to await the result of closer inquiries as to the old man's condition.

Can't Stomach Harrison.

New York, Oct. 5.—A morning paper says: General Daniel Sickles will not go on the stump for Harrison in the present campaign. He made the declaration last evening and shattered the hopes of many Republicans who entertained this hope, based on the published report of General Sickles' speech to his boys of the Third Army Corps, at the recent reunion in Washington.

Lynched by a Mob.

Nashville, Tenn., Oct. 5.—At Mount Pelia last night a mob took Alexander Bel, (colored) from the sheriff and lynched him for an attempt to rape a white woman.

Where is the Debris Bill.

San Francisco, Oct. 6.—United States Court granted injunction allowing hydraulic mining to resume on the Feather river.

Accidentally Killed.

Jumped the Game.

San Francisco Oct. 5.—Four prisoners, all desperate men escaped from the house of correction today.

Statement.

Having learned that a number of people in this city are under the impression that I will have to go home to settle my mother's estate, I beg to state that such is not the case; I will remain here and continue my classes in language, and my affairs in East India will be attended to through a person having the power of attorney, without my presence being necessary.

E. H. S. MULDER,
Teacher of Language.

General Weaver is billed to speak in Pulaski, Tenn., Saturday next. He has lots of bitter enemies there, and trouble is feared, but he has the courage of his convictions and don't propose to hedge.

WANTS TO BE LET ALONE.

A Correspondent Who Dislikes Agitation in County Affairs.

Carson Oct. 2, 1892.
EDITOR APPEAL:—I would like to ask if you and your co-agitators of the kick-over party are not satisfied with the havoc you have wrought among the legitimate parties in this State without sowing the seed of discord, and dissension in our own peaceful community. If the rest of the State wishes to play prodigal son, and go on a swine herding expedition, all right, let them go it, and take the consequences. But Ormsby county voters propose to play the more profitable role of the dutiful son who stayed by the old man and shared his prosperity.

This agitation as applied to our county affairs is all wrong (I don't suppose you care for that however) more than that, it is idiotic. The affairs of the county are in the hands of men who have earned their positions by years of loyal devotion to the party. They are gentlemen in every sense of the word. The people trust them fully, and what is better still they trust each other and this trust is not to be shaken by any third party mud slinging. A grand jury composed of our best citizens have fully vindicated their acts. If they sometimes used their positions to favor their friends, what was the harm? Political ethics don't require a man to favor his enemies.

Before this third party ghost began to stalk, harmony was the rule. Conventions were not kicking matches, and the bolter was unknown. Primaries were held and the results accepted not only as the verdict of the party but as the verdict of the people sure to be ratified on election day. Now it is all changed. As a friend of mine said the other day, "we must be very careful what we say or we will be branded as gold-bugs. It makes my blood boil sometimes. Why I was called a gold bug by a man who don't pay \$3.00 taxes, just because I preferred Harrison or Cleveland to Weaver."

Ormsby county wants no change all it wants is to be let alone.

TREE BLUE.

[The delightful picture of harmony drawn by our correspondent calls to mind the old Edenic days.

If the taxpayers will only let the Republican bosses alone and allow the robbery of the people and the looting of the County Treasury go on unmolested, all will be well.

If Coffin, Lee and Thaxter can meet in a back room and fix up the primary ticket to cram down the throats of the voters, there will be harmony in Ormsby.

If Martin and Bray can audit Muldoon's bills when he charges \$300 for a week's work of one team, all will be well.

If Bray can let county contracts to himself, and Martin let some more to his foreman, and a Grand Jury can be found which will excuse the Tribune and County Clerk for not advertising the bills as the law directs, Ormsby would be a regular picnic ground for boodlers.

If George Thaxter can violate the 12-o'clock law, and after being brought into Court for breaking a law of his own making, and an accommodating District Attorney will allow the case to go by default, what more can any lover of party harmony ask?

If men charged with felonies are allowed to go out of the county and beyond the reach of justice because the ring is willing to side with them it is indeed a happy state of affairs.

If taxes can be so gauged that the rich Republicans get off for half they are worth and the balance of the herd pay double, all the big fish will swim in a puddle of content.

If the Justice Court can be run in the interest of the ring and a District Attorney can be elected who will shield gilt edged criminals and only jam poor devils who haven't a cent, what more can lovers of party harmony ask?

In other words if the community can be run by a little clique of men who stick like burrs to the party for the sake of spoils, to invest all they make in that way abroad, our misguided correspondent will be content to live here the balance of his life. All the old gang of leaders ask for is to be let alone. That's all Jeff Davis wanted after he was licked.

Gibraltar.

This famous stallion will stand for the season at the ranch of John Sweeney near Carson City. Gibraltar is the sire of Homestake whose record two years ago was 2:14 1/2.
